Kansas City, Kansas,
Sept. 16, 1906.

Mr. J. H. Payne,
Lawrence, Kans.

To Pale-face "medicine-man":

"Heap Big Injun"

much happy to hear from you - I am
at the Church and as it is quite a
while until time for League, concluded
to write you a "note" - We had a very
nice Sunday School this morning; then
Miss Louise Robinson and I attended
the Presbyterian Church. The church
was decorated with Golden-Rod, Asparagus
Ferns, and Palms and was very attractive.
A young men's quartette from Park Colleg
sang a very pretty anthem - "Onward
and upward."

By the way I am afraid you will
lose your "Scalp" if not your "Heart" if

on "Joplin" to be called upon to Entertain a crowd of Methodist preachers and a "Circus", at one and the same time. The daily papers stated that a heavy wind storm blew down one of the tents of the "Hagenbacks", at Joplin last Thursday.

The next conference is to be held at Independence, Kas. and we will be able to attend, providing our lives are spared.

Our night School commences tomorrow night and then I will be busy as a bee. I do not mind the work, but I miss the mid-week prayer-meeting services. Mr. Collins is going to lead the League meeting, for me, next Sunday evening. I do not know who is the Leader for this evening. We miss you so much - our loss has been Lawrence's gain; and may you continue to "let your

[illegal] on in the neighborhood of "Parker" - history is replete with [illegal] Stories of White men" [illegal] captured by the Indians, and ever after remaining enemies of the [illegal] and hostile and affecting the "O" with [illegal] on "paroxysms of dyspnoea" and very hard to give air to [illegal] of the heart and chronic pulmonaries, catarrh, phthisis pulmonalis, chronic peripneumony, empyema, and pericardiac empyema, and the lungs. We emphysema of the disease of the are told that "Organic heart are very generally attended with a peculiarly irritated temper, and a disposition to melancholy - and hypochondriacs" thereby avoiding recommend "medical Consultation" at once immediately.

We have not heard from Bro. Payne, but trust that all is well. I think, however, that it is rather hard

light so shine before men", that Our Father may be glorified.

Ada is home again and we are very glad to see her looking so well. As I promised only a "note" I fear you will think that I am a "base prevaricator" so I will say "Au revoir," - wishing you the very best of success with your studies and that God may abundantly bless you with good health and a contented mind, I am as ever,

Yours sincere friend,

Lyda B. Conley.
