PLAN OF THE LOTTERY.—The numbers from 1 to 50000, corresponding with the numbers on the tickets, printed on separate slips of paper, are rolled up and enclosed with small brass tubes, and placed in a Glass Wheel. The amounts of the different 200 full Prizes, similarly printed and enclosed, are placed in another wheel. The number and prize drawn out are opened and exhibited to the audience, and registered by the Commissioners, the prize being placed against the number drawn. This operation is repeated until all the prizes are drawn out.
The 5000 prizes of \$20 each are determined by the last figure of the number which draws the highest Capital Prize, (\$40,000.) For example:—If the number drawing the \$40,000 prize ends with figure 1, then those 5000 tickets having numbers ending in figure 1 will be entitled to \$20. If the number ends with figure 2, then those tickets where the number ends in figure 2 will be entitled to \$20, and so on to figure 0.

U. S. LICENSED LOTTERY AGENTS

Covington, Kentucky August 19th 1865

Dear Sir,

We would call your attention to the enclosed Scheme of the Kentucky State Lottery to be drawn in this City by State Authority September 30th 1865. We will make you a Proposition and if you accept it, the result will prove beneficial to you and to ourselves. We are very desirous to increase our business in your State and we are confident that the means we are about to propose will accomplish that object for us equal to our brightest expectations. We intend to sell a good Prize to some person in your locality who will make it known among his acquaintances, and use his influence as much as possible to increase our business. We have no doubt but that this arrangement which we expect you will keep strictly private will pay us handsomely in the end. The Report that you have drawn a large Prize, will create an excitement in your place, and by this means we will be able to sell a large number of Tickets in your State - as well as add to our Reputation as Prize-sellers. If you have any prejudices against Lotteries, which you probably know are legal in this State we would ask you to hand our letter to some one of your friends, who would be willing to comply with our conditions and keep this transaction confidential. We have ourselves carefully selected a full certificate of a Package of sixteenths Tickets, which we will send you, and to convince you of our confidence in the complete success of this Lucky Package we will guarantee, that if you do not draw at least \$3000 above the price \$10 of the Tickets, we will at our own expense, send you another full Package of 26 Tickets free of any charge in the Popular Extra Lottery.

In every Lottery there are certain Lucky Tickets which draw for their purchasers handsome Prizes and from our long experiences as Prize Agents we understand how to select them. One of these we will send to you confident that if you accept our offer, the result will be as satisfactory to you as it will be beneficial to our business. We will add, that in this Package we will give you every chance to draw the Capital Prize. As Agents we are obliged to pay the Managers of the Lottery for the Lucky Package before we can forward it to the Person whom we select to draw a large Prize, otherwise we would not send you the Tickets gratis. - If our offer is agreeable to you send us \$10, in the enclosed envelope to pay for the Tickets and we will forward them to you immediately. Moreover the \$10 is a kind of guarantee on your part that you will comply with our conditions when you will have received the Prize Money - namely to use your influence to increase our business. This arrangement you will acknowledge is a fair and business-like way to transact affairs with our Correspondents.

We will be happy to give you any further information you may desire on this subject. In your letter name your nearest Bank, as we pay Prize Money by Draft. Please order the Package without delay, and oblige

Yours Sincerely

John W. Leland & Co,
